Risk assessments will be undertaken to identify areas of concern and the appropriate control and preventative measures to be taken. These controls will include training, guidance and advice, codes of practice, physical measures and legal guidance.

Violence is defined as any incident in which a person or a member of their family is subjected to verbal abuse, threatening behaviour; harassment or actual physical assault in circumstances relating to their work. The Governing Body/Management Committee will be fully supportive to any members of staff or pupils who have been subject to violence at work. The effectiveness of these arrangements will depend on people to implement it and make it work successfully. This will involve every member of staff working together in a positive security and safety culture as part of a team.

Any member of staff, pupil or parent who has any suggestion for the improvement of the security arrangements will be welcome and encouraged to pass on that information to the Head of Establishment. A copy of these arrangements will be permanently held in the staff room.
